

CONTENTS

Introduction 1

PART ONE The objective world of 'doing' ('IT') 15

01 The escalating leadership challenges in the VUCA world 17

Business then compared to business now 19

The swing to shareholder value 23

Disastrous shift from real market return to expected future return 25

Technological acceleration 27

The risk and the opportunity in the VUCA environment 30

Consequences of 1D emphasis on 'IT' dimension 32

The responsibility virus 33

'Buckeroo management' 36

02 Vertical development in the 'IT' dimension 39

The performance curve 39

Performance management is hampered by the mis-measurement of talent 41

Common pitfalls in assessing leadership behaviour 45

Vertical development of the behaviour line of development 47

The 11 performance-driving behaviours 48

Level of competency within the 11 behaviours 51

Developing performance-driving behaviours and behavioural constructs 57

Increasing effectiveness in the exterior world of 'IT' 58

Active pressure and polarity management 60

Holacratic or effective governance 63

Network analysis 69

Action steps 76

PART TWO The subjective world of 'being' 79

03 Vertical development of the 'I' dimension 81

- The integrated performance model 82
- Leadership is an inside job – the power of 'I' 84
- The role of physiology on leadership 85
- Coherence as the vertical development springboard 89
- How to cultivate your interior world of 'I' 92
- Physical skills 95
- Personal skills 103
- Identifying your purpose 117
- The appreciation skill 118
- Action steps 121

04 The untapped potential of adult maturity 123

- Identity and the disease of meaning 125
- The road to salvation: forget, distract or mature? 129
- Adult ego maturity 131
- Child to adult to mature adult 132
- The leadership maturity profile (LMP) 134
- Focus on what matters 163
- Action steps 165

PART THREE The inter-personal world of 'relating' 167

05 Vertical development of the 'WE' dimension 169

- We are defined by our relationships 169
- Relationships are tough 171
- Spiral dynamics and the evolution of value systems 172
- Using spiral dynamics to better understand yourself and others 184
- How to cultivate the interpersonal world of 'WE' 187
- The MAP skill 189
- Appreciation of others' skill 193
- Action steps 194

06 The secret of successful relationships in the 'WE' dimension 197

Perspective taking 198

Ego maturity and perspective taking 201

Why 2nd person perspective is so rare 203

Getting into 2nd person perspective 205

Leadership behaviours and perspective taking 207

Team development 209

Effective feedback 214

Action steps 221

Conclusion 223
