<i>Preface to Tenth Edition</i>	<i>xiii</i>

PART 1: Health and Safety Management and Administration

1	Principal Legal Requirements	3
	Criminal and civil liability 4; Health and Safety at Work Act (HASAWA) 1974 4; Sources of criminal law 7; Approved Codes of Practice 9; Powers of inspectors 10; Improvement and prohibition notices 11; Health and Safety (Offences) Act 2008 15; Corporate manslaughter 16; Corporate Manslaughter and Corporate Homicide Act 2007 17; Leadership actions for directors and board members 20; Joint consultation with employees 21; Running a safety committee 23; Statements of health and safety policy 25; Management of Health and Safety at Work Regulations 1999 28; Schedule 1 36; Passport schemes 38; Home working 40; Lone working situations 42; Vulnerable groups 43; Documentation and record keeping requirements 45; Occupiers' liability 49; Courts and tribunals 51; The Health and Safety Information for Employees Regulations 1999 54; Summary 54; References 55	

2	Health and Safety Management	57
	What is management? 57; Health and safety management 58; Supervisors and health and safety 59; <i>Successful Health and Safety Management</i> – HS(G)65 60; Quality management and health and safety – BS8800: 1996 <i>Guide to Occupational Health and Safety Management Systems</i> 62; Benchmarking 70; Emergency procedures 72; Risk management 74; Information sources for health and safety 79; Summary 84; References 84	
3	Reporting, Recording and Investigation of Injuries, Diseases and Dangerous Occurrences	85
	Reporting requirements 86; Accident investigation 88; The cost of accidents 90; Summary 92; References 94	
4	Principles of Accident Prevention	95
	Accident definitions 95; Incidents 96; ‘Hazard’, ‘Danger’ and ‘Risk’ 97; Accident prevention strategies 97; Safe systems of work 102; Safety monitoring systems 104; Accident and ill-health rates 109; Risk assessment 111; Competent persons 114; The role of the health and safety practitioner 117; Summary 121; Conclusion to Part 1 121; References 122	
PART 2: People at Work		
5	Human Factors	125
	Behavioural safety 127; Human error 130; Planned motivation schemes 133; Atypical workers 134; Establishing a safety culture – the principles involved 135; Communications 137; Health and Safety training 138; Summary 141; References 141	
6	Ergonomics	142
	The application of ergonomics in working situations 142; Principles of ergonomic design 144; Controls and displays 145; Display screen equipment 145; The schedule 150; Manual handling injuries and conditions 153; Management action 160; Summary 160; References 161	
7	Stress at Work	162
	What is stress? 162; Violence at work 172; Post-traumatic stress disorder (PTSD) 176; Conclusion 177; Summary 177; Conclusion to Part 2 178; References 178	

PART 3: Occupational Health**8 Occupational Diseases and Conditions 181**

Occupational health 181; Occupational diseases 183;
 The Employment Medical Advisory Service (EMAS) 185;
 Occupational health schemes 185; Benefits of occupational
 health services 188; Sickness absence control 188; Sickness
 absence procedure 190; Sickness absence monitoring 190;
 Smoking at Work 191; Summary 193; References 193

9 First Aid 194

Health and Safety (First Aid) Regulations 1981 194;
 HSE Guidance – first aid at work 197; Principles of first aid 201;
 The role of first-aiders 201; Summary 202; References 202

10 Dangerous Substances 203

Chemicals (Hazard Information and Packaging for Supply)
 (CHIP) Regulations 2002 203; Hazardous substances and
 preparations – classification 207; EU Regulation concerning
 the Registration, Evaluation, Authorisation and Restriction
 of Chemicals (REACH) 209; Principles of toxicology 210;
 Workplace exposure limits 214; Handling and storage
 of dangerous substances 215; Safety data sheet / product
 information 215; Control of Substances Hazardous to
 Health (COSHH) Regulations 2002 216; Health risk
 assessments 217; Principles of good practice 220; Health
 surveillance 220; Summary 224; Conclusion to Part 3 225;
 References 225

PART 4: Safety Technology**11 Engineering Safety 229**

Selection of work equipment 230; Principles of machinery
 safety 230; Other hazards associated with machinery
 operation 233; Machinery guards 233; Machinery safety
 devices 235; Planned maintenance 236; Lifting operations
 and lifting equipment 236; Machinery safety assessment 237;
 Summary 237; References 238

12	Fire Prevention	239
	The fire triangle 239; Causes of fire spread 240; Fire extinction 241; Fire appliances 241; Colour coding of fire appliances 243; Fire protection systems 243; Fire and Rescue Authorities 243; Legal requirements 245; Summary 250; References 251	
13	Electrical Safety	252
	Principles of electrical safety 252; Causes and effects of shock 255; Portable electrical appliances 255; Summary 257; References 257	
14	Structural Safety	258
	Floors and traffic routes 258; Falls and falling objects 259; Windows, and transparent or translucent doors, gates and walls 259; Windows, skylights and ventilators 259; Organisation of traffic routes 259; Doors and gates 259; Escalators and moving walkways 260; Access to and egress from the workplace 260; Work at height 260; Traffic systems 262; Summary 263; References 263	
15	Construction and Contractors	264
	Construction hazards 264; Contractors and the law 265; Construction (Design and Management) Regulations 2015 266; Accidents in construction activities 268; Regulating the contractor 269; Safety method statements 270; Contractors' regulations 272; Maintenance work 272; Summary 273; References 274	
16	Mechanical Handling	275
	Mechanical handling systems 275; Summary 282; References 283	
17	The Working Environment	284
	Location and layout of workplaces 284; The use of colour in the workplace 285; Waste disposal 285; Environmental control 286; Noise 293; Control of Noise at Work Regulations 2005 295; Vibration-induced injury 297; Control of Vibration at Work Regulations 2005 298; Work involving radioactive sources 298; Welfare amenity provisions 302; Summary 304; References 305	

18	Safety in Offices, Workshops and in Catering Operations	306
	Safety requirements for offices 306; Office health and safety audit 311; Workshop safety 312; Catering safety 315; Summary 318; Conclusion to Part 4 319; References 320	
	<i>Index</i>	321
