

CONTENTS

Foreword by Peter Cheese, Chief Executive, CIPD viii

Acknowledgements xiii

01 Changing how we change 1

Our research: capturing the experiences of 750,000 travellers 4

Moving beyond myths 6

Defining high performance 10

A map and predictable pathways for change 12

The change imperative 15

Full-colour maps

Map 1 Change map showing the different
regions of change 20

Map 2 Map of the nine 'capital cities' regions 21

02 Understanding change through maps 23

The research: distilling the wisdom of 750,000 travellers 24

Performance outcomes: business performance and benefits
realization 27

Turbulence: taking into account the conditions under
which change takes place 28

The 10 managerial drivers of change 29

Benchmarking: showing what actions are needed 31

Looking deeper: what truly drives performance? 34

From data to maps: visualizing the complex interactions
of different variables 36

Common pathways: getting from one region to another 42

Mastering the nine dynamics of change 47

Summary for Chapter 2: key insights 47

03 **High Performance: Reaching the highest levels of performance** 49

Getting to High Performance 50

High Performance insights 52

The challenges of *High Performance* 53

Pushing the Limits 54

Achieved with Loss of Heart 57

Cruising, a capital city 60

Common pathways exiting *Cruising* 64

Getting to the top – and staying there 66

Summary for Chapter 3: key insights 67

04 ***Off Track: When everything falls apart*** 69

Off Track dynamics and misconceptions 70

Different ways to spiral downward 75

Case for Action, a capital city – where the seeds of hope can be found 76

Nurturing the seeds of hope and renewal 78

Leadership – the key for action 83

Common pathways exiting *Case for Action* 89

Tackling deeper-seated issues 91

Summary for Chapter 4: key insights 92

05 ***Unsustainable: When change is at the crossroads*** 95

Unsustainable insights 96

When change is unsustainable 98

Just Get On with It 101

The right way to rightsize 104

Saying ‘goodbye’ and ‘hello’ 107

Unlocking the passion for change 109

Leading by example 112

Common pathways exiting *Just Get On with It* 113

The importance of emotions 116

Summary for Chapter 5: key insights 116

06 ***Struggling under Pressure: When teams falter*** 119

Struggling under Pressure insights 121

The characteristics and dynamics of *Struggling under Pressure* 122

Lessons from Mount Everest 125

Organizational disconnects	126
How to increase accountability	130
How to build strong teams	133
The importance of good governance	136
Common pathways exiting <i>Struggling under Pressure</i>	137
Towards the <i>On Track</i> zone	140
Summary for Chapter 6: key insights	140

07 ***On Track: Win the war for resources and move out of the middle ground*** 143

<i>On Track</i> insights	144
Five core dynamics and five capital cities	148
<i>Yes, but</i> : change without the necessary resources	150
Three keys to better resource management	153
Common pathways exiting <i>Yes, but</i>	158
Beyond resource limitations	161
Summary for Chapter 7: key insights	163

08 ***In the Dark: Mobilize around the vision*** 165

<i>In the Dark</i> insights	166
<i>In the Dark</i> – like ‘herding cats’	173
Moving into the light	175
Understanding what drives vision and direction	179
Communicating effectively	180
Building strong communities	183
Common pathways exiting <i>In the Dark</i>	185
Embracing the big picture	187
Summary for Chapter 8: key insights	188

09 ***Sleepy in Success: Get back in the game*** 191

<i>Sleepy in Success</i> insights	192
Characteristics of <i>Sleepy in Success</i>	194
Getting the right leaders in the right roles working in the right direction	197
Recruiting the right leaders for difficult situations	200
The role of the team leader in managing ‘damage’	201
The importance of trust in team leadership	202

Employee engagement and organizational change	205
Team leaders and accountability	209
Recognizing and rewarding team members	210
Seeing situations clearly	212
Common pathways exiting <i>Sleepy in Success</i>	213
Moving away from complacency	215
Summary for Chapter 9: key insights	216

10 ***Building Momentum: When good is not good enough to jump to the next level*** 219

<i>Building Momentum</i> insights	220
Building momentum for change	222
How business leadership mobilized commitment to change	225
The vital role of business leadership in change initiatives	228
Building business leadership capability	231
The drivers of trust at each level of leadership	232
The leadership trust grid	235
Unlocking the trust dynamic in <i>Building Momentum</i>	239
Common pathways exiting <i>Building Momentum</i>	240
The trust grid and organizational flexibility	243
Summary for Chapter 10: key insights	243

11 ***On the Run: Keep it together when the goal is rapid growth*** 245

<i>On the Run</i> insights	246
<i>On the Run</i> – a lot of change at a fast pace	249
Two organizations, two trajectories	252
The different types and key drivers of change	255
Managing change at a fast pace	257
Knowing where and when to take action	258
Supporting and sustaining high levels of growth	260
Common pathways exiting <i>On the Run</i>	263
Building organizational agility	265
Summary for Chapter 11: key insights	266

12 ***Vision for the future: Changing the way we change*** 269

Towards the agile organization 269

Change leaders at all levels 270

Building the capacity to continually change 272

Towards a new era 276
