Introduction 1

01 The Supply Chain Triangle of Service, Cost and Cash 9

What is supply chain management? 9

The Supply Chain Triangle 12

Companies struggle with balance in the triangle 16

Traditional organizations cause tension in the triangle 18

Increased tension in the triangle as growth stalls 20

Expanding the triangle from cash to capital employed 22

Aligning the triangle is about optimizing ROCE 25

Accounting basics: inventory, working capital,
and cash generation 27

Conclusion 41

References 41

02 Strategy in the Supply Chain Triangle 43

Treacy and Wiersema's three strategic options 43

Mapping Treacy and Wiersema to the Supply Chain Triangle 48

Linking the three strategies back to ROCE 54

Strategies: to change or not to change? 63

Conclusion 71

Notes 74

03 Financial benchmarking in two dimensions 77

Benchmarking in two dimensions 78

	Which KPIs to include in a benchmark	81
	Conclusion	92
	Reference	93
04	Financial target setting in two dimensions	95
	Adding ‘indifference’ or ‘bang-for-the-buck’ lines to the EBIT/ inventory graph	96
	Conclusion	111
05	The impact of strategy on financial benchmarking and target setting	113
	Mapping Treacy and Wiersema to the EBIT% vs inventory turns graphs	114
	Mapping Treacy and Wiersema to the EBIT% vs CCC graphs	124
	Mapping Treacy and Wiersema to the EBIT% vs fixed asset turns graph	128
	Conclusion	135
	References	145
06	Redefining the service corner as a value corner	147
	Redefining the service corner as a value corner using Treacy and Wiersema	148
	Redefining the service corner as a value corner using Crawford and Mathews	150
	Defining metrics for each of our value drivers	161
	Conclusion	172
	References	172
07	Building a strategy-driven KPI dashboard	173
	Defining financial metrics for the cost side and the capital employed side of the triangle	173
	Building our strategy-driven KPI dashboard	177
	Understanding the impact of strategy on the dashboard	190
	Comparison with the SCOR model	197
	Conclusion	207
	References	212
08	Implementing the strategy-driven supply chain	213
	Strategy and supply chain in the 1990s	214

A shift in thinking: from agile to strategy-driven supply chains	218
Defining your strategy-driven supply chain	228
Implementing your strategy-driven supply chain	242
Conclusion	243
